16124	Transit Wiring Harness Kit	<p>Designed to fit the new shape this Transit wiring harness is our standard kit. It comes complete with four LED side markers and two LED rear markers. All our connectors are overmoulded and supersealed as standard.</p> <p>With the commercial vehicle industry it is necessary to take measures to stop water or dirt affecting the electrics. We do this by ensuring all our Scania wiring harnesses are IP rated to IP67. In order to comply with European Whole Vehicle Type Approval all our wiring harness kits come with approvals. Documents and E-mark approvals are available upon request.</p>
