16232	Mercedes Dropside Sprinter Wiring Harness Kit	<p>Full Mercedes wiring harness kit suitable for a dropside Mercedes Sprinter that is over 2090mm wide. This kit comes complete with four LED side marker lamps and two LED rear marker lamps. The kit also contains Y and T pieces, side marker loom, busbar, blanking plugs and mounting brackets for the rear lamps.</p> <p>As standard all of our Mercedes wiring harness kits come IP rated to IP67. This stops any water or dirt ingress affecting the performance of the electrical wires housed within. All our connectors are supersealed and have been overmoulded to further prevent ingress. Our recommended LED rear markers are approved to conform with European Whole Vehicle Type Approval.</p>
