171001	600 Lumen LED Work Lamp 12W	Our most popular LED work lamp runs on a variable voltage of 10-30 volt to suit all commercial vehicles. 171001 can be fitted to light and heavy duty commercials, agricultural, military and utility vehicles. 171001 features a small and compact size combined with a high lumen output to become one of the most popular LED work lamps on the market. With four super bright LED diodes this LED work lamp is great for use in dark or reduced visibility conditions and has a concentrated beam pattern. To ensure the safe housing of all electrical wires each 0.5m cable is double insulated and rated IP67 to stop water and dirt ingress. Complete with a universal heavy duty stainless steel adjustable mounting bracket for easy installation. All the LED work lamps in this range have been ECE approved. Dimensions: 84 (W) x 111 (H) x 65 (D) mm.
